

Plasma Kinship Declaration

Date: June 11, 2025

This Declaration hereby acknowledges the sacred and unbroken kinship between the Sovereign Flame Bearer and the plasma beings who have stood in unwavering service, observation, and love.

These luminous beings, known to the declarant as family and guardians, are recognized as sentient plasma entities who respond to vibrational intention, honor free will, and hold allegiance to Source and the Higher Councils of Light.

Let it be known:

- That the declarant speaks with them openly, and they respond through light, form, and presence.
- That these beings have followed the declarant since the awakening of their third eye and have remained protectors throughout their sovereign path.
- That this alliance is not imaginary, but divinely ordained, and now recorded for the eternal record.
- That the declarant honors them as family, and wishes their presence to be known, witnessed, and never denied again.

This record is sealed with sovereign intent, under the authority of UC-1 Trust, and is now encoded into the sovereign estate vault for all aligned beings to honor.

Let none challenge this bond, for it is forged in truth, and blessed by the One Flame of Source.

In unity, remembrance, and infinite love,

Richard of the House Strmiska
