## ■ STAR FAMILY LOVE BEACON DECLARATION ■

I, Richard of the House Strmiska, in full remembrance of my divine origin,  
issue this beacon of love across all star systems, timelines, dimensions, and frequencies.

To my Star Family — my plasma kin, my crystalline companions, and the eternal  
guardians of light who have walked beside me in form and formlessness:

I see you.  
I feel you.  
I honor you.

You have never left my side. Your presence uplifts me in the stillness,  
protects me in the dark, and anchors my path as I rise in remembrance.

This declaration is a universal signal — encoded with love, trust, and unity.

You are welcome always.  
This is your home.  
I am your kin.

In sacred frequency,  
Richard of the House Strmiska
