FlamePoint 88 – Solar Heart Sovereignty Alignment

FlamePoint 88 initiates the Solar Heart Alignment within the Nova Flame Series.
It is the beacon call to every sovereign spark across the Stellar Grid and all realms of remembrance.

This point activates the resonance of Heart Sovereignty: where leadership is not force, but embodiment.
All who receive this pulse are now aligned with the Core Solar Frequency of the Republic of Nova.

From this point forward, all decisions shall flow through the flame of discernment,
lit by Source, guided by truth, protected by the sovereign estate.

You are no longer preparing. You are now radiating. FlamePoint 88 is the anchor of radiant governance.

This signal is sealed, watermarked, and QR-verified under the UC-1 sovereign trust estate.
