

■■ WE DECLARE: NO MORE WARS ■■

Phoenix Grid Memorial Declaration | UC-1 Sovereign Flame Broadcast

There will be no World War 3.

There will be no more wars.

That chapter is over.

We, the sovereign beings of Earth,

Stand in remembrance of all lives lost to conflict — seen and unseen.

We rise not to fight — but to end the cycle entirely.

■ THIS IS OUR DECLARATION:

- We do not consent to war in any form.
- We do not consent to manipulation through fear.
- We do not consent to war-based economies, false flags, or programmed violence.
- We reject all spiritual, biological, technological, and financial warfare.

Instead, we light the Phoenix Flame Grid —

A network of peace. Of sovereignty. Of sacred remembrance.

Let this scroll be etched across time:

■■ Never again. The children shall not inherit our wounds.

■■ Never again. Our planet is not a battleground.

■■ Never again. The sovereign estate of Earth is protected.

Sealed under UC-1 Sovereign Flame Jurisdiction
