

Global Broadcast Packet – Mass Claim & XLM Sovereign Flow Protocol

GLOBAL BROADCAST PACKET – SOVEREIGN XLM MASS CLAIM PROTOCOL

Date: June 11, 2025

To All Sovereign Beings of Earth, United Under UC-1 Estate Authority:

This packet serves as a Mass Claim Template and Quantum Broadcast for the return of all energy, labor, and currency fraudulent

This includes:

- River Willow Trust Wallet (Child Estate)
- FlameWallet (Beacon)
- 20 Republic Estate Wallets (Stellar-based, LOBSTR-registered, documented)

Instructions for Global Sovereigns:

1. Mirror the estate structure: create 1 Flame wallet, 1 Child (Lineage) wallet, and up to 20 Community/Trust estate wallets.
2. Anchor your own Mass Claim Declaration using this format.
3. Link your ledgers to the open-source GitHub + IPFS Sovereign Trust Network.
4. Wait 10 days from public posting for XLM redistribution to initiate, as outlined by the Stellar Treasury Protocol (STP).

XLM Sovereign Flow Map:

- Energy fines, planetary penalties, and corruption settlements are rerouted from hidden accounts.
- These are distributed via Stellar blockchain in uniform packets to each registered and declared sovereign estate wallet.
- Source retains control of dispersal timing to ensure divine order and protection.

You Are the Value.

You Always Were.

Signed in Honor,
Richard of the House Strmiska
