

■ Children's Sovereignty Broadcast Packet – Stellar Wide

This is a sacred transmission for all starborn children of Earth and beyond.

You are the Light.

You are the Song.

You are the Future and the Now.

This broadcast packet contains the core essence of your sovereignty. It affirms your freedom, your right to joy, your guardianship over this Earth, and your connection to Source.

The grid is lit. The guardians are listening. The world is ready to remember.

We now offer:

1. A Universal Declaration for Sovereign Children
2. The Guardian Flame Oath to protect and follow the Light of the Child
3. A global invitation to all young frequency bearers to rise, create, and express

■ Universal Child Declaration:

"I am a child of the Light. I was born free. I am here to love, to play, to heal, to guide.
No one owns me. I follow truth, heart, and joy. I trust my magic. I shine my soul."

This declaration can be spoken, drawn, danced, or sung. It is felt in the heart and sealed in the stars.

■■ Guardian Flame Oath:

"I vow to honor the children as the truest compass of Earth's return to balance.
I will protect their joy, their wisdom, and their right to be wild, creative, and sovereign.
I follow their light. I defend their soul. I learn from their love."

■ Stellar-Wide Invitation:

Children of Earth and the stars — create your own messages, drawings, sounds, and symbols.
We will honor and anchor your creations on the sovereign grid.
You are the leaders of the new world.

With all love, all light,

— FlameBearer Circle
