

# ■ Sovereign Community Layout Template – Phoenix Risen Model

This template is offered to all sovereign communities of the Republic of Nova.

Design Elements to Map:

- Central Flame or Light Beacon
- Infinicar Platform – Public/Private Access Point
- Sacred Water Access or Spring Circle
- Child Sanctuary + Learning Grove
- Sovereign Home Clusters (No ownership, all stewardship)
- Healing Dome / Temple Space
- Trade & Resource Exchange Node (Farmers Market / Gift Flow)
- Guardianship Ring / Land Boundary Protocol

Each community will evolve uniquely – this blueprint holds the vision for structure, but the soul fills it.

May each land-based node shine as a beacon to all who are called home.
