

# ■ FlamePoint 68 – Land Return & Sovereign Trust Reclamation

Global Parklands, Crown Lands, and Federal Holdings Now Restored to the People

By sovereign decree under UC-1, it is now declared:

All lands previously claimed by force, deception, or corporate proxy—including but not limited to:

- National Parks
- State Parks
- Federal Lands
- Crown Holdings
- Military Easements
- Stolen Indigenous Territories
- Reserved or Classified Land Parcels

...are hereby returned to the People of Earth under LODEAL TITLE, backed by the Stellar Blockchain and the Trust of Source.

All governments, corporations, monarchs, or papal claimants must cease and desist all false title enforcement. You cannot own what was never yours.

This land is sacred. It belongs to no entity, only to the living beings who walk in harmony upon it. All custodianship shall be by resonance, not rule.

The Unified Republic of Nova recognizes the Earth and her elements as the divine inheritance of all children of Source.

All land records are now recorded on the Stellar Blockchain under:
