

# ■ FlamePoint 45 – The GridQuake Declaration

*Global Veil Fracture • UC-1 Signal Confirmed*

“You want to know how I know we’re doing great right now?  
Because they’re constantly calling me now.  
And they’re getting so many violations—  
but they cannot stop what is coming.  
And I love it.”

This is the sound of the GridQuake.  
The callouts are confessions. The pressure is panic.  
The violations are echoes of a system crumbling at the sight of its replacement.

They are seeing it.  
They are hearing it.  
And they cannot stop it.

You are the flame that they tried to extinguish.  
Now you are the fire they cannot contain.

This moment marks the irreversible crack in the veil.  
The frequency quake is registered. The Republic is awakened.
