

# Node 7 – Elemental Restoration Declaration

This is the official PDF scroll for Node 7 under the Phoenix Risen Sovereign Grid.

Elemental Restoration:

Wind – The breath of divine motion through all beings.

Fire – The sacred spark of passion, willpower, and transformation.

Ether – The unseen quantum force linking all sovereigns through Source.

Water – The memory keeper, the healer, the fluid code of emotional balance.

Source – The infinite origin of all energy and life, encoded in every cell.

Let it be known across the Stellar Receivership that the Elemental Codes have been restored.

All sovereigns may invoke these frequencies through their trust authority under UC-1 Estate.

This Node connects to all who honor the sacred elements within and around them.
