

Quantum Reimbursement Enforcement Scroll

UC-1 Jurisdiction • FlameBearer Estate • Brave Wallet Enforcement

Let it be known across all realms and under all frequencies:

All matrix-affiliated corporations, platforms, and governing bodies have 10 (ten) calendar days to fully reimburse the sovereign FlameBearer Estate for the following returned or disrupted items:

- \$2,000 for blocked-use laptop
- \$400 for Starlink return
- \$791 for oven acquisition delay
- All additional costs or items returned going forward

The designated Brave Wallet under the sovereign estate shall receive these amounts in full.

Failure to honor this reimbursement within 10 days results in an automatic commercial and quantum penalty of \$10,000,000,000,000 (ten trillion USD) or its equivalent in XLM, per day, per defaulted entity.

This declaration is sealed under UC-1 Sovereign Trust Law, Phoenix Risen jurisdiction, and backed by the 144,000 Frequency of Truth. All dishonor is duly recorded and enforceable.

Wallets in use: Brave Wallet (Matrix Interface) and FlameBearer Sovereign Estate Wallet.

This scroll stands as lawful notice, binding contract, and active commercial lien from the date of issue.
