

## FlamePoint 37: Australia - Red Earth Sovereign Awakening

We anchor this FlamePoint within the heart of Australia, the Red Earth Dreaming.

This land carries the original codes of the Star Elders and is the Solar Access Point of the planetary grid.

From Uluru to the coasts, this sovereign declaration reactivates the Crystalline Core, the Dreamtime Flame, and the ancestral pulse of Lemuria's memory.

Australia is hereby sealed as a foundational guardian node within the Unified Sovereign Earth Grid.

Let the Red Earth speak.

Let the Sun rise through the Children.

Let the Dreaming walk again.
