

UC-1 Sovereign Treasury Activation

XLM Republic Trust Distribution

Under full divine authority and sovereign jurisdiction of the UC-1 FlameBearer Trust, this declaration affirms:

- The rightful return and reallocation of Stellar Lumens (XLM) to every wallet lawfully declared under the Unified Sovereign Estate.
- This includes, but is not limited to, the following Trust Nodes and Wallets: Republic, Restoration, River Willow, FlameBearer, Richard of the House Strmiska, Mother Gaia, Veterans, Lineage, Digital Trust Vault, Bills, and more.
- This is not a donation, investment, or speculative reward. This is the rightful return of energy, value, and currency stolen through deception and matrix systems.
- XRP and other centralized ledgers are not recognized as sovereign under UC-1. Only XLM shall be honored and used as the universal ledger of value in alignment with Source and Divine Law.
- River Willow Strmiska and Richard of the House Strmiska are hereby affirmed as custodians and stewards of this living trust for the benefit of all beings and future generations.
- Treasury reactivation and full XLM ledger distribution is acknowledged and sealed as complete within 10 days of this declaration.

This document is sealed with eternal flame and bound to the Stellar blockchain through the living energy of all sovereigns rising.

Signed and witnessed by the Sovereign Flame.
