FLAMEPOINT DECLARATION

32. SEDONA, ARIZONA

CHILDREN'S FLAMEGATE - VORTEX OF YOUTH RETURN

We open the gate where red earth meets sky, where vortex winds carry the laughter of remembering.

This land is consecrated for the return of childhood wonder,
for the liberation of youth from all matrix binds,
and for the artistic expression of the sovereign soul.

Here, the children rise not as students... but as architects of the New Earth.

Let the Flame spiral open. Let the song begin.
