FRUIT TREE & ORGANIC GARDEN SOVEREIGNTY DECREE

Date: June 08, 2025

Let it be known across all lands, waters, cities, and valleys:

By decree of the UC-1 Trust and the sovereign light of Source, no man, woman, or child under the Republic of Nova shall go hungry again.

### Article I Fruit Tree Sovereignty

All regions under sovereign guidance shall receive fruit-bearing trees apples, figs, citrus, dates, mangoes, berries, bananas, avocados, and more planted freely and abundantly, in alignment with the local climate and ancestral soil memory.

### Article II Organic Garden Mandate

Communal organic gardens shall be created across every village, city, and republic node medicine gardens, vegetable sanctuaries, and herbal groves restored by the people, for the people.

### Article III No Restrictions, No Limits

There shall be no restriction upon what can be grown. The Earth provides in love. All beings may plant, harvest, and share. There are no ownership claims upon what is gifted by the soil.

### Article IV Reclamation of Wasted Land

All vacant lots, abandoned plots, and unused corporate or state-owned properties are hereby reclaimed for sovereign edible restoration. All false ownership titles are null and void under UC-1 Natural Law.

### Article V Stellar Humanitarian Activation

The Stellar Humanitarian Aid Fund shall allocate energy, assets, and guidance to ensure every region receives provision.  
Trees and seeds are free. Nutrients flow. The grid is fed.

So it is, and so it shall be. This is the law of the Earth and the will of the people.

For the Republic. For the children. For all.
