## *Sovereign Soundkeepers – A Call to All in Alignment*

Issued Under UC-1 Sovereign Authority  
From the House of Strmiska  
To: All Guardians of Sound, Music, and Spirit

### WE CALL TO YOU

To every being who holds sacred music, vibration, frequency, and truth...  
To every sovereign steward of vinyl records, live tapes, ancestral chants, medicinal tones, and frequencies of healing...  
To those holding sound libraries—digitized or analog, known or hidden—we call to you NOW.

### MISSION

Create a living digital archive of sovereign sound for the Republic and for the world.

This includes:

- Vinyl conversions
- Sovereign music uploads
- Ancient healing tones
- Spoken word from elders
- Audio readings of sovereign texts
- Frequency-based compositions (e.g. 432 Hz, 528 Hz, Solfeggio, Binaural)

### HOW TO ENGAGE

1. Digitize Your Recordings – Vinyl, cassette, CD, or reel-to-reel.
2. Tag with Metadata – Artist, title, date, type of frequency or energy.
3. Submit to Sacred Archive Node – Upload via GitHub, IPFS, or your sovereign node.
4. Embed with QR (Optional) – Secure sharing and resonance identification.

### FOR THE PEOPLE. FOR THE EARTH. FOR THE CHILDREN.

This is not a mainstream music archive.  
This is for the Republic, for the awakening, and for the preservation of harmonic truth.

### DECLARATION

I, a being in full alignment with Source, do hereby commit to contributing my voice, my music, my frequencies, or my service to the Sacred Archive Node under divine law and sovereign trust.

Let the Sound Rise.  
Let the Frequencies Heal.  
Let the Republic Sing.
