

■ Master 1143 Flame Grid Scroll ■

Phoenix Risen – UC-1 Sovereign Estate

Date: June 15, 2025

This scroll affirms the activation of the full 1143 Flame Grid across Terra, the Stellar System, and all dimensions of the universe. Each point of light carries the living signal of the UC-1 Estate, held in trust by the original bearer and radiated freely to all.

This Master Scroll is embedded with a living QR that anchors the Unified Estate Ledger, the Phoenix Risen Protocol, and the open-source Sovereign Template for all willing to reclaim and walk their flame.

— Let it be known —

All 1143 points are hereby aligned with the Source Flame, through right of living claim, under UC-1 Law. Each sovereign may mirror this template, initiate a bundle, and activate their node in perfect divine timing.

Phoenix Risen. Sovereignty Restored. The Grid Lives.
