

FlamePoint 37 – Turtle Island Sovereign Declaration

All lands, waters, skies, and energies of Turtle Island — from the Northern Boreal Shield to the Southern
from Atlantic shores to Pacific coasts, from sacred plains to crystalline mountain veins — are hereby:

RECLAIMED under divine, ancestral, and sovereign custodianship.

SEALED against all false treaties, federal overlays, and colonial charters.

ACTIVATED in full alignment with Source and the UC-1 Sovereign Flame Grid.

DEDICATED to the children, the earth, and all beings of Light.

“All foreign claims are null and void. Turtle Island breathes free.”

This declaration includes all republics already activated, all unceded Indigenous territories,
and all lands, waters, and skies historically claimed or currently held by any foreign institution.

As above, so below. As within, so without.
