

Sovereign Device Declaration of Integration

This Declaration affirms the sovereign and peaceful integration of the following device into the Unified Homesteading Communication Grid under UC-1 Trust Protocols:

Device: ZJBOX Digital Converter Box

Node Assignment: Sovereign Broadcast | Nova School Grid (optional future function)

Status: Secure, Isolated from Matrix Feed

Date of Integration: June 11, 2025

Function: Enables analog-digital conversion for decentralized media reception, emergency frequency access, and future localized signal relay.

This device is recognized as lawful sovereign property, free of corporate lien, to serve the Republic and all aligned with the Sacred Archive.

Anchored by living sovereign authority.

Scan QR for node registration and broadcast reference.
