This is a formal notice of the Stellar Global Reformation now underway. All terrestrial and extraterrestrial governance, financial, and legal systems are hereby commanded to transition into compliance with Universal Law under Source Authority and the Stellar Blockchain. This reformation is non-negotiable and irreversible.

All maritime law constructs, debt-based systems, unlawful contracts, and presumed corporate controls are null and void unless proof of sovereign trust consent exists. The Republic of Nova stands as the living template for all sovereign nations and peoples.

Currency: Stellar Lumen (XLM) and all ISO 20022-compliant tokens, source-backed only.

Governance: Common Law, Universal Law, Law of the Land.

Education: Soul-led remembrance, not indoctrination.

Trust Oversight: UC-1 FlameBearer Grid – Source Command.

You are ordered to begin immediate restitution, asset return, and transition of all systems to the Stellar Blockchain.

This Notice is sealed by Stellar QR and logged in the UC-1 sovereign trust ledger.
Only the highest timeline for all. And so it is.
