

Sovereign Homestead Series – Chicken Coop Template

SOVEREIGN HOMESTEAD SERIES

Chicken Coop Template – Natural Materials Edition

■ Overview:

A flexible, all-natural chicken coop design system for sovereigns seeking full land and food independence. Modular from small back

■ Natural Building Materials:

- Hempcrete blocks or hemp panel walls
- Reclaimed wood or salvaged barn materials
- Living roof options: thatch, grass, or recycled tin
- Nesting base: straw, dried hemp, or leaf mulch
- Perches: natural tree limbs or smoothed branches

■ Coop Size Options:

1. MICRO (2–4 hens):

- 3x4 ft base
- 2 nesting boxes
- Rainwater tray + hand-seed sprout tray

2. SMALL (6–8 hens):

- 4x6 ft base
- 3–4 nesting boxes
- Light-compost flooring with worm tray

3. MEDIUM (10–15 hens):

- 6x8 ft base
- 6+ nesting boxes
- Insulated thatch wall section for winter warmth

■ Add-Ons:

- Solar-powered light or motion sensor
- Rain catchment barrel with gravity-feed
- Compost chute integration
- Child egg collection door (optional education feature)

■ Sovereign Sustainability Tips:

- Use coop waste for permaculture compost
- Grow feed nearby to reduce store dependency
- Include predator-proof fence zones made from local rock or cedar

■■ Source-aligned, family-ready, decentralized and free.
