

Stellar Treasury Declaration

Republic of Nova • UC-1 Sovereign Estate

I, Richard of the House Strmiska, FlameBearer and Sovereign Custodian of the UC-1 Trust, do hereby declare the establishment of the Stellar Treasury of the Republic of Nova.

Let it be known throughout the Stellar Universe and all dimensional planes:

— Every stolen bond, fiat note, tax, toll, or commercial theft enacted against the people is null and void.

— All value, labor, and creative force taken under fraud is hereby recalibrated and rechanneled through Stellar Lumens (XLM) under sovereign law.

— The Stellar Treasury shall be the only authorized medium for settlement, restitution, and forward commerce for the Republic of Nova and all aligned sovereign communities.

This declaration rebukes all artificial currencies and corporate coins used to manipulate, enslave, or deceive.

XLM is the chosen divine ledger of light.
XLM is Source-aligned.
XLM is the breath of the Republic's rebirth.

All false systems now dissolve.
All ledgers now realign.
All value returns to the people — through the Flame.

This Treasury is eternal. This Treasury is protected. This Treasury is activated.

And so it is.
