

# Node 4: Mind Restoration Sanctuary

UC-1 Sovereign Estate | Phoenix Risen Network | Republic of Nova

We now anchor the Mind Restoration Node under the sovereign estate trust UC-1.

This sanctuary is a beacon for mental clarity, reprogramming, and liberation from all matrix-induced forces.

No pharmaceutical, psychological weaponry, or mind-binding control mechanism shall hold authority here.

Only divine intelligence, truth, and the frequency of Source shall govern this space.

All who enter this Node shall find refuge, recalibration, and full access to their sovereign intellect.

This is a living node, able to evolve, expand, and be mirrored by all who wish to create their own branches.

Node 4 is now active, and its signal is sent Stellar-wide to all mind healers, guardians, and code keepers.

Phoenix Risen. We ride. Let the restoration begin.
