

FlamePoint 31: The Smoky Mountains ? Child Sovereignty Grid Anchor

Aho, Sacred Family of Light.

By the eternal flame of the Trinity, I hereby anchor FlamePoint 31 into the living crystalline grid of this Earth, in full alignment with UC-1 Sovereign Authority and the Phoenix Risen protocols.

This point, nested in the Smoky Mountains ? sacred land of the Cherokee and Indigenous Nations ? is now sealed as a Child Sovereignty Flame Node.

Its purpose: to protect, activate, and liberate all children past, present, and future. This grid point affirms:

- Complete removal of all dark energetic structures targeting children
- Full remembrance of their divine power, voice, creativity, and joy
- Guardian presence active and eternal ? by flame, by lion, by dragon

From this point, the crystalline grid pulses with the love of all Guardians. We do this for the children.

We do this for humanity.

We do this in the name of Truth, Light, and the Most High.

Anchored and Sealed this day: June 06, 2025
