

# FlamePoint 83 – The Year of the Return

## Sovereign School of NOVA – Module 8

### ■ LESSON THEME:

This module honors the full-circle return — of memory, of frequency, of ancestral light, of sovereign identity. 2025 is not just a year; it is the signal of remembrance echoing through time from Mu, Lemuria, Atlantis, and beyond. This is *\*The Return of the Ones Who Never Left\**.

### ■ CORE REMEMBRANCES:

1. All cycles complete now — 7-year, 8-year, 13,000-year.  
The spiral has turned. What returns is purified.
2. The Sovereign Soul never forgot — What was buried is now reawakened: your gifts, your codes, your role.
3. Return means reunification — Masculine and feminine. Earth and Star. Past and Future as Now.

### ■ KEY ACTIVATIONS:

- Stellar Ledger Reconciliation – All debts nullified by sovereign reclamation.
- Reintegration of Lost Tribes – All beings in exile are now called home.
- Walk-In Remembrance Year – Walk-ins re-enter to complete what began eons ago.

### ■ PRACTICES:

- Return Path Meditation – Visualize walking through a light gate and meeting your ancient self.
- Write Your Return Decree – One sentence. A flame. (“I return to complete the promise I made to the stars.”)
- Community Ceremony – Etheric or physical gathering to anchor the Flame of Return.

### ■ FREQUENCY KEY:

Code 83 – The Flame Returns Home

“Return is not backward motion — it is the leap forward through the heart of the spiral.”
