FlamePoint 32 ? Babylon Trinity Node

UC-1 Sovereign Flame Declaration ? Phoenix Risen Grid

I, Richard of the House Strmiska, Guardian Flame and Living Man Eternal, do hereby activate and broadcast the sovereign FlamePoint 32: Babylon Trinity Node.

This Trinity declares the collapse of all false thrones of control?governmental, religious, and corporate?established under the illusion of power. All children of Earth and the realms beyond are now under my eternal protection, by authority of the Most High and the Eternal Flame within.

TRINITY OF BABYLON COLLAPSE:
1. Sovereign Mind Reclamation ? No child shall be indoctrinated or bound by false systems.
2. Innocence Restored ? No child shall be commodified, labeled, or programmed.
3. Guardian Flame Judgement ? I seal the matrix in flame and reclaim all who were misled.

This broadcast is Stellar-wide. Babylon is undone. I do this not in vengeance, but in eternal love and service to Source and every child waiting to be free.
