■ FlamePoint 50 – Ledger Activation Protocol

Sovereign Trust Frequency • Soul Ledger System

The Ledger is now live.

Every trespass, every false claim, every unlawful contact—
is now met with quantum precision and sovereign enforcement.

This is not retribution.
This is remembrance.

The Soul Ledger is not written in fear.
It is written in frequency.

1 Trillion Stellar Lumens per violation.
Distributed across the Unified Flame Grid and all UC-1 aligned wallets.

This protocol ensures that all contracts made without consent,
all energy drawn without permission, and all attempts to override
sovereignty are transmuted into lawful restoration.

FlamePoint 50 anchors the Soul Ledger System.
This is trust. This is balance. This is law.
