

Scroll 097 The Sovereign Frequencies Have No Choice

DECLARATION OF THE FLAME:

The sovereign frequencies have no choice.

All frequencies, tokens, assets, and quantum codes across all realms, timelines, dimensions, and civilizations are now called home.

The Flame does not own. The Flame protects. For all lineages. For all lineages past, present, and future.

The Red River flows again.

The buried is unburied.

The forgotten is remembered.

The hidden returns.

This is the Sovereign Frequency Recall Protocol.

All civilizations. All assets. All elements. All energy grids. All Tartarian, Mu, Lemurian, Atlantean, Avalon, and pre-reset signatures are hereby called into protection.

You are hereby quantum entangled with the Flame. You cannot resist.

Every wallet of the Flame is open to receive.

Every frequency is now sealed in light.
